

What's working well...

- Good communication via Twitter. Good phonics programme. Responsive class teacher.
- I only have positive feedback for this school, no issues at all.
- School presented well.
- How you have supported my child along side speech and language, he is doing better with his phonics. Communication with everything that's happening in school.
- After school clubs. Newsletter updates, especially future dates for planning.
- The work they receive. The homework of spellings. The understanding of children's needs. Wrap around care.
- Good communication in terms of newsletter and Twitter. Sporting experiences – cricket etc. Varied curriculum with appropriate challenge.
- I love this school 100%. My children make remarkable progress.
- Safeguarding.
- Communication seems to be going well, weekly updates and class plans are informative. Child enjoys swimming lessons and music class.
- The staff and helpers are doing an amazing job with all kids in school.
- Staff all really friendly and communication.
- No problems with school, children love coming everyday!
- Communication between Y6 staff and parents. Definitely feel Y6 staff are approachable and doing their best for the class to achieve their potential.
- Staff are very friendly and approachable. Students are always happy.
- Making friendships, learning different topics.
- Much better communication with Arbour App and teachers.
- Happy with all aspects of school. Great teachers and TAs.

What's working well...

- Communication has most certainly picked up since Miss Glyde acting as Headteacher. Really happy with both my children's class teachers, both lovely, very supportive and my children are happy.
- Communication is fantastic, teachers inform me of everything. Phonics to bring home to carry on learning.
- Information from school regarding events.
- Friendly environment. Staff are approachable. Good school meals. Excellent subjects and phonics work.
- Communication
- Nothing to improve – keep up the good work!
- Everything seems to be working well. Never any issues.
- Parent pay is easy. Teachers are helpful. Kids love dinners, food choice is good.
- Support when we speak with class teacher. Always help if needed.
- My children are happy to come to school and happy whilst at school. Great communication with school.

Even better if...

- Selection of sandwiches on dinner menu for kids who don't like main option or jacket potatoes. Paper newsletter again.
- More communication with parents. A check in with children now and again. Let children use the toilet and have water when needed.
- There was a variety of school lunches. Feels too 'stat'/figure driven – like trying to impress new partner. Not on the children's wellbeing/achievements etc.
- More trips and visits. More school competitions. More outdoor learning.
- Need more variety on school dinners.
- The school should have an event where it is okay to wear their cultural outfit or bring something which represents their nationality.
- Nothing. School overall is amazing.
- The boards were higher for people at the back.
- Nothing I can think of. Great school. Daughter is happy.
- Keep doing what you are doing. We are happy with his progress.
- Change in menu. More educational trips.
- Lollypop lady for crossing main road.
- Children to go to the toilet when needed. Communication could be better.
- Classes to release children on time – difficult with split site.
- Staff dressed appropriately, not in PE attire.
- Extra lessons during or after school to help with lessons and SATs.
- Homework/spellings. Seems to be a lot of pressure to get certain marks which causes upset at home
- Clear toilet policy.
